

Enrichment @

Fishing

This lovely tranquil activity gets individuals and groups out in the environment and respecting their surroundings. This activity is aimed at keen anglers and those who would like to try this popular sport. There is available equipment available, but this is limited so it is recommended that if you have your own equipment, that you use this. We fish a local complex that have a variety of fish in the lakes and are professional commercial waters. The only payment required for this is for bait. You will be required to bring your own bait along to each session.
